OUR POLICIES

CUSTOMER SERVICE: For tech support call 213-542-2292 from 11 a.m. to 7 p.m. PST.

Call for all other shipping information. Educational, corporate and aerospace purchase orders accepted. No surcharge for Visa/MasterCard; 4% surcharge for American Express; 1% surcharge for Discover.

RETURN POLICY: Call Customer Service at (213) 214-0000 for return authorization. All returns without authorization number (RMA#) will be refused. Returned products must be in original condition and packaging and must be sent back within 30 days of our invoice date. No refunds, please. Defective product exchanges only. We make no guarantees for product performance. Exchanges with unlike products are at our option and subject to a 20% re-stocking fee.

CONDITIONS: Prices and availability of product are subject to change without notice.

MAIL-IN ORDERS: Send money orders or cashiers check for fastest service. Personal

**Overnight
Shipping via:**

checks - up to 10 days to clear. Include: Name, Address and telephone number (no P.O. Boxes, please). If ordering by credit card include expiration date and billing address. Call for exact shipping rates.

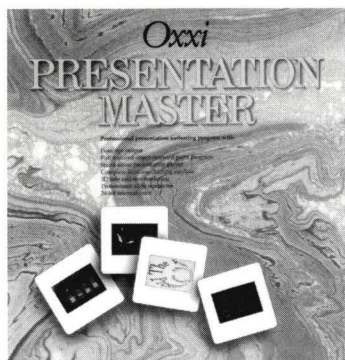

INTERNATIONAL TOLL FREE ORDERING POLICIES: For Canada, FPO, APO - Minimum order \$50. All other countries: minimum order \$100. For VISA and MasterCard orders you must FAX or mail a signed photocopy of your credit card - front and back. Please have your credit card number ready before calling.

INTERNATIONAL PHONE NUMBERS: Orders only please. Canada 1-800-548-2512; Italy 1678-74086; United Kingdom 0800-89-1178; France 19-0590-1099; Australia 0014-800-125-712; Switzerland 046-05-3420

****PRICE GUARANTEE:** U.S. Only. Applies to all merchandise advertised by all authorized dealers except merchandise on sale. We will give you our "delivered" price lower than the other dealer's "delivered" price.

Call Customer Service at 310-214-0000 for order status

Presentation Master \$189.00

Remember Show and Tell?

The simple presentation concept may have evolved over the years, but it still comes down to communication—the sight and sound of multimedia. Design, display and output your own multimedia presentations with Presentation Master. Import bitmap and EPS images, data for charts and text. With its object-oriented paint and business graphing modules, Color PostScript output and graphic presentation authoring environment, Presentation Master gives you all the tools you need to create shows with professional-quality graphics, charts and text effects. The unique “hot spot” feature lets you design audience interactive presentations—and the included stand-alone slide show program can be freely distributed to play your creations.

Requirements:

Amiga computer with 2MB RAM, Kickstart 1.2 or greater, hard drive.

Optional:

Additional RAM highly recommended, color or black-and-white PostScript printer.

For Further Information:

Oxxi, Inc.

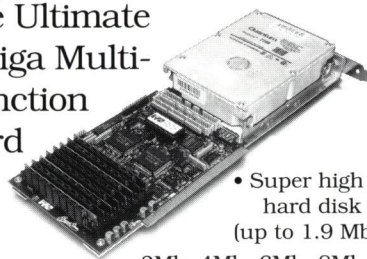

P.O. Box 90309, Long Beach, CA 90809 USA

MACROS AND AREXX PORT	✓	MACROS ONLY		
WORKBENCH 2.0-STYLE "3-D" APPEARANCE	✓			
AUTOMATICALLY ADAPT TO ANY SCREEN PALETTE	✓			
"JAGGIE"-FREE HIGH QUALITY PRINTING	✓			

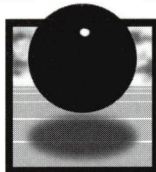

Now, the leading Amiga® word processor puts even more power at your fingertips, because ProWrite 3.2 now supports PostScript. That's right. Now you get all the advantages of ProWrite and direct PostScript capabilities in the same reliable program. And that's not all.

Significant enhancements made to the user interface make ProWrite 3.2 easier than ever to use, and it has the ability to import and export Professional Page text files.

Standard features of ProWrite

3.2 include: snagging and side-by-side columns, ability to import graphics, manual text wrap, voice playback, acceptance of any Amiga font, and macros (when used with AREXX). Of course, ProWrite 3.2 still has the features you expect of a high-quality word processor: 100,000-word spell check, thesaurus, cut, copy, paste, print merge, headers, and footers.

Release the power of ProWrite 3.2 for yourself. You'll see why, when it comes to Amiga word processing, ProWrite still leads the way.

NEW HORIZONS

SAVE IT. MOVE IT. GET IT BACK.

**Back-Up...Transfer...Retrieve
Quickly And Easily
With Central Coast's
Software For The Amiga**

Valuable utility programs can save you time, money and, in the case of catastrophic errors like hard drive failure, possibly months of work.

Quarterback Tools — Recover Lost Files

Fast and easy. Reformats all types of disks — either new or old filing systems — new or old Workbench versions. Also optimizes the speed and reliability of both hard and floppy disks. Eliminates file fragmentation. Consolidates disk space. Finds and fixes corrupted directories.

Quarterback — The Fastest Way To Back-Up

Backing-up has never been easier. Or faster. Back-up to, or restore

from: floppy disks, streaming tape (AmigaDOS compatible), InnerConnection's Bernoulli drive, or ANY AmigaDOS-compatible device.

Mac-2-Dos & Dos-2-Dos — A Moving Experience

It's easy. Transfer MS-DOS and ATARI ST text and data files to-and-from AmigaDOS using the Amiga's own disk drive with Dos-2-Dos; and Macintosh files to-and-from your Amiga with Mac-2-Dos. Conversion options for Mac-2-Dos include ASCII, No Conversion, MacBinary, PostScript, and MacPaint to-and-from IFF file format.

DELUXEPAINT IV

KING OF PAINT AND ANIMATION

DELUXEPAINT FEATURES

- Paint AND Animation in HAM using all 4096 colors
- Improved gradients are now smoother, more versatile and easier to define
- All new Color Mixer makes creating and choosing colors a snap
- New Animation Control Panel with VCR-style interface means no more searching through menus for the animation controls you need. Now, just point and click
- Enhanced Stencils give you greater control over image processing and image manipulation

Plus all the Award-winning features you've come to expect from DeluxePaint:

- AnimPaint™—Creating animations is as easy as pressing one key to record your paint strokes and another to play them back
- Instant 3-D perspective
- Direct Overscan support for video applications
- Split screen Magnification with variable Zoom
- Animated brushes to simplify cel animation
- Move Requestor lets you automatically animate brushes in full 3-D
- Extensive keyboard equivalents help advanced users work more efficiently

And You Thought Tut was Ancient Art

POWERFUL NEW TOOLS

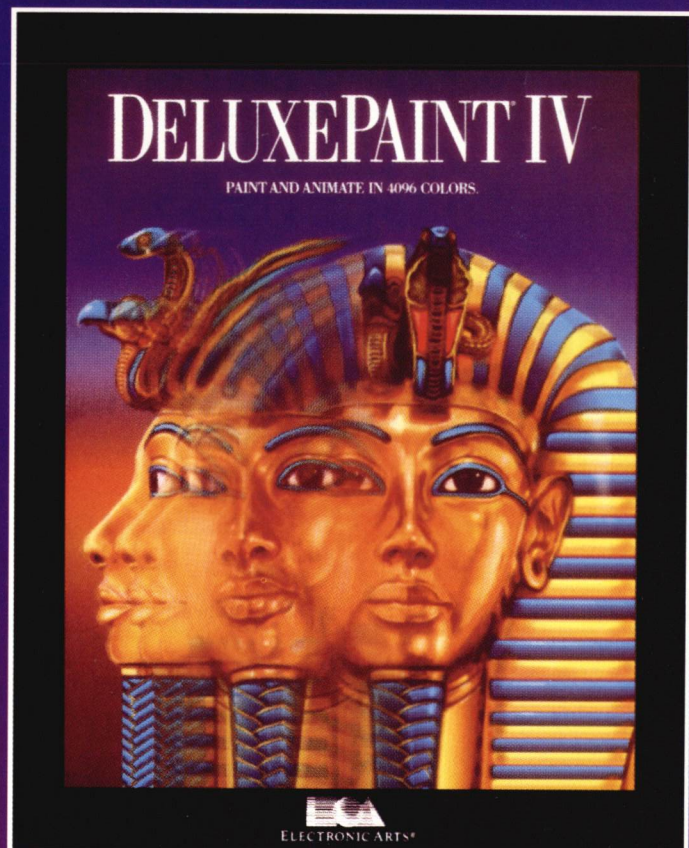

Everything needed to transport you from the Cradle of Civilization into the Modern Age, including Tinting, Translucency and Anti-Aliasing.

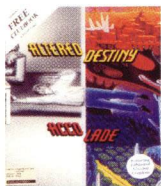

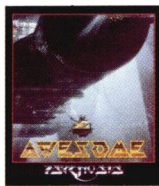

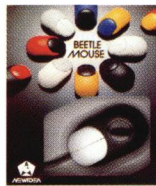

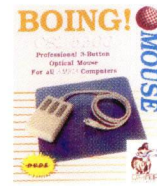

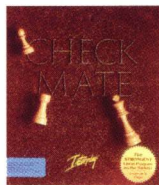

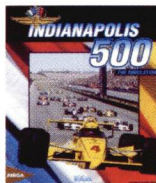

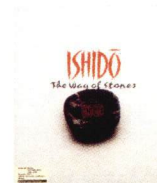

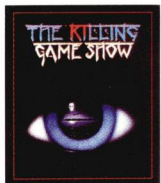

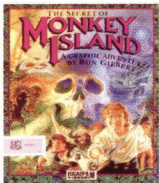

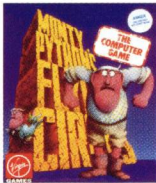

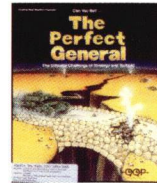

EASY METAMORPHOSIS

Watch evolution unfold. Instantly animate the shape and image of one brush into any other brush.

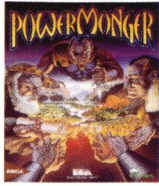

SUPERIOR LIGHTTABLE

You'll be doing the "Tut two-step" when you see how easy it is to create animations. Now, see through your current frame to four additional frames — in color!

B.A.D. The Ultimate Disk Optimizer

NEW!
Version 4!
B.A.D. got a better!

- Make your disks fly with B.A.D.!
- Speed disk access time by up to 500%
- Works with floppies AND hard drives
- Support for Virtual Memory and multiple partitions
- Incredible Workbench and CLI performance
- AmigaDOS 2.0 compatible
- Works with the Fast File System
- The MOST popular Amiga utility ever

Personal Write

High Performance at a low, low price!

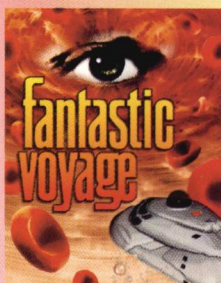

Personal Write is an extremely fast word processor which is packed with unique capabilities. It features a rich set of powerful commands which allow you to read, edit, store, covert, compress, encrypt and print text. 80 menus and hundreds of gadgets let you tailor the program to fit every need, while the default settings let the inexperienced user start working with the program right away.

Personal Fonts Maker

New easy-to-use font creation utility

Personal Fonts Maker is an excellent, comprehensive tool for designing and processing both printer and screen fonts. Standard Amiga fonts and fonts created with Personal Fonts Maker can be transferred to a printer's memory and printed at maximum quality and speed. No other program offers you the complete control over printed fonts which you will experience with this program.

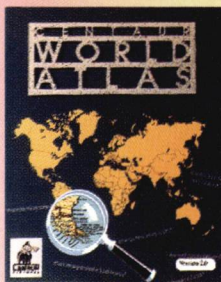

Fantastic Voyage **NEW!**

A Fantastic and Spectacular Voyage...
Through the Human Body...
Into the Brain.
"Incredible" - Five Stars - Highest Rating.
Info Magazine

Pixound

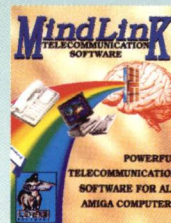

The Musical Graphics Player
Transforms Amiga graphics into music. Load any graphic image (or create one using Pixound's dynamic built-in screen generators), then hear it translated into a rich variety of harmonies and melodies using the Amiga's voices, a MIDI keyboard, or both. You've never seen or heard anything like PIXOUND before.

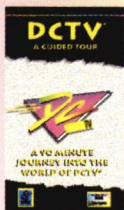

World Atlas **NEW!** Version 2.5

Most Americans can't find Iraq, Vietnam, El Salvador or other countries on a globe! World Atlas to the rescue! Get detailed information on over 170 countries and all 50 states. Three disks full of maps and facts.

Mindlink

- X-Modem, Y-Modem and Z-Modem protocols.
- Integrated scripting language - create your own modem utilities
- Text Clicking - Just click on a word on the screen to transmit it to another computer!
- Password protection
- Built-in, programmable timer
- Fully multitasking and Workbench 2.0 compatible

DCTV: A Guided Tour

This easy-to-follow, comprehensive VHS tutorial will teach you everything you need to know about DCTV!

Topics include:

- Installation.
- Using the Video Digitizer.
- Using DCTV with the Video Toaster.
- Using DCTV as a 24-Bit animation display board.

Also includes an exclusive interview with DCTV's designer!

Imagine: A Guided Tour

This extensive video tutorial includes segments on object loading and creation, surface attributes, lighting techniques, texture mapping, animation, 12 and 24-bit comparisons and more. A must-have if you're serious about unleashing your imagination with Imagine.

AudioMaster IV and SoundMaster

When nearly every sound digitizer comes with its own editing software, why would you need AudioMaster? The answer starts with AudioMaster's unique ability to sample and play sounds at a true 56,000 samples per second in stereo. AudioMaster will drive every parallel-port digitizer now available for the Amiga—often with higher sampling rates than the digitizer's own software. But its true strength is the ability it gives you to edit, sequence and store in compressed format the sampled sound files you create by digitizing real-world sounds. Aegis SoundMaster was designed to provide the highest quality digitized sound possible at a reasonable price. The secret to SoundMaster's astounding sample results is a product design that focuses on high sampling rates without any sacrifice in clean sampling. Aegis SoundMaster comes with AudioMaster IV, the premium sound editor for the Amiga. \$139.00

SpectraColor

Aegis SpectraColor, the powerful HAM paint program from Oxix/Aegis, now supports Black Belt Systems' HAM-E graphics expansion system. All the features of SpectraColor, including key frame animation with freehand or straight-line paths, brush wraps, luminosity, density and light source direction controls. Plus an icon-based point-and-click interface, the easy-to-use Color Manager for selecting among the 262,144 colors of the HAM-E system and numerous paint and animation tools, are now available for HAM-E users.

Loads Virtually Every Picture Type

SpectraColor for HAM-E can load virtually any type of picture: 2-, 4-, 8-, 16-, and 32 - color images, 64-color Extra-Half-Brite images, as well as pictures in the 4,096-color Hold-and-Modify (HAM) mode. In addition, this version will load your existing HAM-E 256-color pictures as well as 24-Bit images. **\$64.95**

Visionary

Enjoy playing computer adventure games? Think about the thrill of creating them! Your own Magicians, Monsters, Heroes and Villains—as many games as you can imagine. Designed specifically for the creation of text, sound and graphic animated adventure games, Visionary has a memory-efficient high-speed compiler and a fully-interactive debugger. With Visionary, you don't need to know the internal details of how the system works, rather you concentrate on the creative process of writing adventure games. Once you're finished creating your masterpiece, you don't need Visionary to run it—that means you can even sell you adventure games! **\$64.95**

Requirements:

Amiga computer with 1MB RAM, and Workbench 1.3 or 2.0. Additional RAM and hard disk are recommended.

BOOST YOUR PRODUCTIVITY WITH HIGH-POWERED GOLD DISK SOFTWARE!

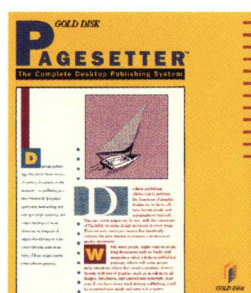

*A Full Line of Productivity Software For The Amiga,
Each Product Setting The Standard In It's Class.*

DESKTOP PUBLISHING

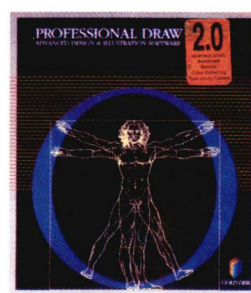

PROFESSIONAL PAGE 2.1

*The leader in DTP
and the choice of
more professionals
than any other
product. Now with
word processor and
spell checker.*

PAGESETTER III

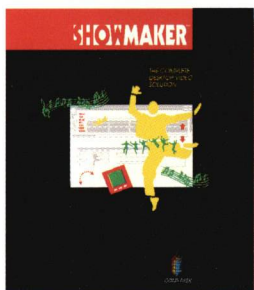

*The best entry level DTP
package with new color
features and a free
word processor, spell
checker, paint program,
and clip art!*

PROFESSIONAL DRAW 2.0

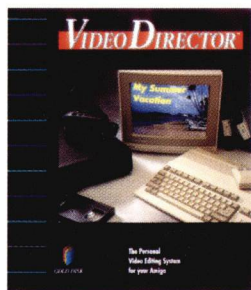

*The perfect companion
for any illustrator or
desktop publisher.
Brilliant, hi-res
structured drawing
beats paint programs
every time.*

DESKTOP VIDEO

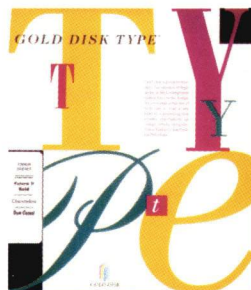

SHOWMAKER

*The complete desktop
video solution for
combining video,
animation, Toaster
effects, and sound
with mattes, wipes
and titling!*

VIDEO DIRECTOR

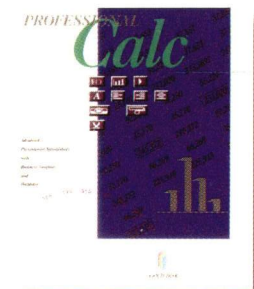

*The easiest personal
video editing system
ever. Comes with
hardware to control
camcorders and VCRs.
All at a remarkably low
cost!*

VIDEO FONTS

*Now you can create
jaggie free fonts in
exactly the size and
style you need for video
from high quality
Compugraphic outlines.
Supports both Amiga
and Toaster Formats.*

BUSINESS PRODUCTIVITY

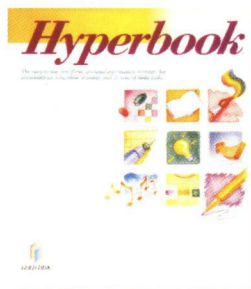

PROFESSIONAL CALC

*Possibly the most
advanced
spreadsheet ever!
Point and click tool
bar, 3-D graphs,
database, ARexx
support, multi-font
support, and more!*

OFFICE

*Everything needed to
set up an office. Word
Processor with Spell
Checker, Desktop
publishing,
Spreadsheet, Graphing,
and Database all in one
integrated package!*

HYPERBOOK

*The free-form personal
information manager.
HyperBook lets you
quickly and easily
organize your world or
even create interactive
presentations. An
indispensable tool!*
